## One in a Million

by Kimberla Lawson Roby

## **About the Book**

Kennedi Mason has just received the best news ever and can't wait to tell her husband. She is beyond thrilled about it. However, when Blake arrives home, Kennedi finds that Blake has his own news --- the kind of devastating news that will change their lives forever. **One in a Million** by Kimberla Lawson Roby presents a dramatic and engrossing situation and examines it through the lenses of love and marriage, trust and betrayal, and materialism and charity.

## **Discussion Guide**

- 1. Before reading the last few lines of the first chapter, what did you think Kennedi's surprise news was going to be? What type of news did you think Blake had for her?
- **2.** Have you ever been told by a husband or boyfriend that he was cheating on you and if so, in what ways did you react to the situation? How do you think a person should respond when this happens --- end the relationship or forgive and move on?
- **3.** When Kennedi and Patrice see Blake and Serena at the restaurant having lunch, were you satisfied with the way she confronted them? Why or why not? How would you have handled the situation?
- **4.** After a short time passes, Kennedi realizes that Blake may not have used protection and that she has no choice but to get an H.I.V. test. Do you believe the rate of unprotected sex will ever decrease? If not, why do you think people continue to be so careless?

5. With Kennedi being a decent woman who loved her husband, why do you think Blake decided she wasn't enough for

him? Do you think Kennedi contributed to Blake's philandering, and if so, how? In a situation like this, do you think the

fault is that of one person alone or do you believe there are always two sides to every story?

6. What is the first thing you would do if you won millions of dollars? Would you share it with relatives and/or friends?

What are some of the fun things you would do to enjoy yourself?

7. At this very moment, are you blessed enough to have a best friend like Patrice, one who will stand by you during both

good and not so happy times? How much of your lottery winnings would you give her or him?

8. Matthew 19:24 says "And again I say unto you, it is easier for a camel to go through the eye of a needle, than for a

rich man to enter into the kingdom of God." So, do you believe Kennedi and her accountant fall into this category (even

though, they tithe at their churches and help those who are less fortunate than they are) or do you believe being wealthy

is fine as long as you are constantly helping others? Why?

9. Did you feel that Blake was entitled to any of the winnings whatsoever? If so, please explain why?

10. Did you like Miles from the very beginning or did you suspect he had ulterior motives? If so, what did you think

those motives might be?

11. Were you shocked to find out who was betraying Kennedi's trust? Have you ever had family members, friends, or

acquaintances betray you in a very painful way, specifically because of greed? What else can sometimes cause people

close to you to act so deceitfully?

12. Were you happy that Blake's whole blackmail scheme basically blew up in his face? Were you satisfied with the way

things turned out for Kennedi?
