

Last Christmas in Paris: A Novel of World War I

by Hazel Gaynor and Heather Webb

About the Book

August 1914. England is at war. As Evie Elliott watches her brother, Will, and his best friend, Thomas Harding, depart for the front, she believes --- as everyone does --- that it will be over by Christmas, when the trio plan to celebrate the holiday among the romantic cafes of Paris.

But as history tells us, it all happened so differently?

Evie and Thomas experience a very different war. Frustrated by life as a privileged young lady, Evie longs to play a greater part in the conflict --- but how? --- and as Thomas struggles with the unimaginable realities of war, he also faces personal battles back home where War Office regulations on press reporting cause trouble at his father's newspaper business. Through their letters, Evie and Thomas share their greatest hopes and fears --- and grow ever fonder from afar. Can love flourish amid the horror of the First World War, or will fate intervene?

Christmas 1968. With failing health, Thomas returns to Paris --- a cherished packet of letters in hand --- determined to lay to rest the ghosts of his past. But one final letter is waiting for him?

Discussion Guide

1. Women's roles changed dramatically through the course of WWI. What are your thoughts about Evie's place in the war, at home and in France? Which factors came into play to cause these changes?
2. How did WWI affect societal structures and values? Are the effects still felt today?

6. Letters were of vital importance during WWI as they were the only means of communication between loved ones. What were your emotional reactions when reading these letters?
7. Do you still write letters? Would you like to see a return to traditional letter-writing?
8. Do you think Will's mother was right to conceal the truth about his child from the rest of the family? What do you suppose were her motives?
