About the Book

Thandy knew that Dr. Jackson Gabrielle was different the minute they met. And indeed, Jack knew that this enchanting creature was meant for him --- despite the fact that he was already married. Thandy and Jack's decade-long affair could have continued indefinitely --- the hard-working attorney and the high-profile surgeon scraping together moments for each other out of their crazy schedules --- if Thandy hadn't learned from Jack's bitter wife that he had taken up with yet another woman. Thandy moves on, leaving Jack in Atlanta for a big job in Chicago. Jack, used to getting everything he has ever wanted with ease, is forced to figure out what it takes to hold on to something he truly loves. And Thandy, having fought her whole life for everything she has achieved, discovers the true measure of her strength. But fate intervenes and sets into motion a series of events leading to a shocking climax that will change both of their lives forever.
